

Children's Literature

Stories and poems aimed at children have an exceedingly long history: lullabies, for example, were sung in Roman times, and a few nursery games and rhymes are almost as ancient. Yet so far as written-down literature is concerned, while there were stories in print before 1700 that children often seized on when they had the chance, such as translations of Aesop's fables, fairy-stories and popular ballads and romances, these were not aimed at young people in particular. Since the only genuinely child-oriented literature at this time would have been a few instructional works to help with reading and general knowledge, plus the odd Puritanical tract as an aid to morality, the only course for keen child readers was to read adult literature. This still occurs today, especially with adult thrillers or romances that include more exciting, graphic detail than is normally found in the literature for younger readers.

By the middle of the 18th century there were enough eager child readers, and enough parents glad to cater to this interest, for publishers to specialize in children's books whose first aim was pleasure rather than education or morality. In Britain, a London merchant named Thomas Boreham produced *Cajanus, The Swedish Giant* in 1742, while the more famous John Newbery published *A Little Pretty Pocket Book* in 1744. Its contents—rhymes, stories, children's games plus a free gift ('A ball and a pincushion')—in many ways anticipated the similar lucky-dip contents of children's annuals this century. It is a tribute to Newbery's flair that he hit upon a winning formula quite so quickly, to be pirated almost immediately in America.

Such pleasing levity was not to last. Influenced by Rousseau, whose *Emile* (1762) decreed that all books for children save *Robinson Crusoe* were a dangerous diversion, contemporary critics saw to it that children's literature should be instructive and uplifting. Prominent among such voices was Mrs. Sarah Trimmer, whose magazine *The Guardian of Education* (1802) carried the first regular reviews of children's books. It was she who condemned fairy-tales for their violence and general absurdity; her own stories, *Fabulous Histories* (1786) described talking animals who were always models of sense and decorum.

So the moral story for children was always threatened from within, given the way children have of drawing out entertainment from the sternest moralist. But the greatest blow to the improving children's book was to come from an unlikely source indeed: early 19th century interest in folklore. Both nursery rhymes, selected by James Orchard Halliwell for a folklore society in 1842, and collection of fairy-stories by the scholarly Grimm brothers, swiftly translated into English in 1823, soon rocket to popularity with the young, quickly leading to new editions, each one more child-centered than the last. From now on younger children could expect stories written for their particular interest and with the needs of their own limited experience of life kept well to the fore.

What eventually determined the reading of older children was often not the availability of special children's literature as such but access to books that contained characters, such as young people or animals, with whom they could more easily empathize, or action, such as exploring or fighting, that made few demands on adult maturity or understanding.

The final apotheosis of literary childhood as something to be protected from unpleasant reality came with the arrival in the late 1930s of child-centered best-sellers intended on

entertainment at its most escapist. In Britain novelist such as Enid Blyton and Richmal Crompton described children who were always free to have the most unlikely adventures, secure in the knowledge that nothing bad could ever happen to them in the end. The fact that war broke out again during her books' greatest popularity fails to register at all in the self-enclosed world inhabited by Enid Blyton's young characters. Reaction against such dream-worlds was inevitable after World War II, coinciding with the growth of paperback sales, children's libraries and a new spirit of moral and social concern. Urged on by committed publishers and progressive librarians, writers slowly began to explore new areas of interest while also shifting the settings of their plots from the middle-class world to which their chiefly adult patrons had always previously belonged.

Critical emphasis, during this development, has been divided. For some the most important task was to rid children's books of the social prejudice and exclusiveness no longer found acceptable. Others concentrated more on the positive achievements of contemporary children's literature. That writers of these works are now often recommended to the attentions of adult as well as child readers echoes the 19th-century belief that children's literature can be shared by the generations, rather than being a defensive barrier between childhood and the necessary growth towards adult understanding.

Questions 1-5

Complete the table below.

Choose **NO MORE THAN TWO WORDS** from Reading Passage for each answer.

Write your answers in boxes **1-5** on your answer sheet.

DATE	FEATURES	AIM	EXAMPLE
Before 1700	Not aimed at young children	Education and morality	Puritanical tract
By the middle of 18th century	Collection of 1..... .. and games	Read for pleasure	A Little Pretty Pocket Book (exported to 2.....)
Early 19th century	Growing interest in 3..... ..	To be more children-centered	Nursery rhymes and 4.....
Late 1930s	Stories of harm-free 5..... ..	Entertainment	Enid Blyton and Richarnal Crompton's novels

Questions 6-8

Look at the following people and the list of statements below.

Match each person with the correct statement.

Write the correct letter **A-E** in boxes **6-8** on your answer sheet.

List of statements

- A Wrote criticisms of children's literature
- B Used animals to demonstrate the absurdity of fairy tales
- C Was not a writer originally
- D Translated a book into English
- E Didn't write in the English language

- 6..... Thomas Boreham
7..... Mrs. Sarah trimmer
8..... Grimm Brothers

Questions 9-13

*Do the following statements agree with the information given in Reading Passage?
In boxes 9-13 on your answer sheet write*

TRUE if the statement agrees with the information
FALSE if the statement contradicts the information
NOT GIVEN if there is no information on this

- 9..... Children didn't start to read books until 1700.
10..... Sarah Trimmer believed that children's books should set good examples.
11..... Parents were concerned about the violence in children's books.
12..... An interest in the folklore changed the direction of the development of children's books.
13..... Today children's book writers believe their works should appeal to both children and adults.

Solution:

- | | |
|--------------------------------------|---------------|
| 1. rhymes, stories / stories, rhymes | 8. E |
| 2. America | 9. FALSE |
| 3. folklore | 10. TRUE |
| 4. fairy-tales/fairy-stories | 11. NOT GIVEN |
| 5. fairy-tales/fairy-stories | 12. TRUE |
| 6. C | 13. TRUE |
| 7. A | |
